

Leading Business Process Management (BPM)

DECLINING REVENUE, DIFFICULT MARKET SITUATION?

WE MUST ADAPT, BECOME QUICKER AND MORE EFFICIENT!

MATURE MARKET, HIGH STABILITY, PREDIC TABLE

WE NEED TO FREE UP PEOPLE TO WORK ON NEW PRODUCTS

A NEW LEGISLATION HAS BEEN PASSED THAT DIRECTLY IMPACTS OUR ORGANIZATION.

WE NEED TO IMPLEMENT THE CHANGES AND DEMONSTRATE COMPLIANCE.

GROWTH PHASE, GROWING MARKET, EXPANSIONS

WE HAVE TO SCALE UP OPERATIONS!

Questions

Where do we start?
What will be the return?
Will it be enough?
Who should be in the lead?

LEADING BPM

If circumstances demand quick actions and resources are tied up, every hour spent on internal orientation is wasted time.

People

- Clearly defined responsibilities
- Allows full focus on improvement activities
- Single source of truth for staff
- Source of job posting content
- Onboarding and training tool

Process

- Defined process quality standard
- Mapping methods and content standardized
- Easier to understand, train and teach
- Quicker adaptation for cross functional activities
- Basis for audits and compliance

Systems

- Clarity on enterprise architecture
- Simple visualizations of complex connections
- Exposes unused potential
- Predict risk and effects of system changes
- Baseline for modernisation initiatives
